## Why Davidson Lacrosse....

I chose Davidson because I felt that being here would provide me with the most fulfilling college experience. I immediately fell in love with not only the campus, but also the strong commitment to academics and community.

I chose Davidson because it has a strong academic reputation with small class sizes and a Division I lacrosse program. When I visited, the honor code and friendliness of the people I met gave me a great feel and drew me into the community. The lax team is hilarious and are so fun to be around, while still challenging me daily on the field.

I always knew I wanted to play lacrosse in college, but I never wanted to sacrifice academics for athletics. I made three lists: one list for schools I could go to solely for the lacrosse aspect, one list for schools I could go to solely for the academic aspect, and one list that I could do both. Davidson fell on the last list. I visited Davidson and realized this was the place I wanted to go for the next four years, and a place I truly belonged. I love the small class sizes, the campus is beautiful, the lake campus is five minutes away, and I am getting an amazing education.

I chose Davidson for the sense of community I felt the second I arrived on campus for the first time. Everyone—students, staff, and residents are just as excited to share this experience with you. In a community that fosters both Rhodes Scholars and Division 1 athletes, the Honor Code is able to bring all of us together.

I chose to come to Davidson because it is a highly recognized college with so much to offer, including a division 1 lacrosse team. This is a tight knit community, full of people that want to see you succeed.

I chose Davidson because it was the perfect combination of everything I was looking for: fantastic academics, Division I athletics, genuinely nice people and a gorgeous campus. The Honor Code and opportunities to study abroad were big selling points as well. I honestly don't think there exists a better school for me, Davidson has it all!

I chose Davidson because it is one of few schools with a good balance between D1 athletics and a liberal arts education. I knew that I would have the benefit of playing the highest level of lacrosse while also enjoying small classes and getting to know my professors. Also, I went to school outside of Boston for high school, and I was ready for some warm weather and southern hospitality!
